About Us

Scent, Bar & Kitchen

A blend of **scents, artisanal beverages, and cuisine** with a twist of European and East Asian elements.

Multifunctional Event Space

By day, Lunì is a cozy **café and scent retail** nook. Browse through a collection of essential oils or engage in **personalisation workshops** to discover your unique blend.

As the day fades into twilight, Lunì undergoes a transformation. The coffee bar becomes a cocktail bar and kitchen, where skilled bartenders **handcraft signature, botanical-infused cocktails** designed to awaken and intrigue your senses.

Why Lunì

Southeast Asia's FIRST scented cocktail concept

Where mixology meets the art of aromatherapy.

Our **signature cocktails** are crafted by blending the delicate science of essential oils with the vibrant flavours of mixology. To awaken your senses, bringing you on a sensory journey.
